Components and Materials <ul style="list-style-type: none">Stainless steel AISI 304 satin finish one-piece body, 0,8 mm thick, fully sealed. The supports of the screws in the back of the appliance, are acting as an anti-moisture support, as well as slots to avoid the screws damaging the toilet paper. It is mounted on the wall by means of 3 wood screws with their corresponding 5 mm wall plugs. It includes a lock system with standard mediclinics ® key, that allows opening the lid for replenishment.Stainless steel AISI 304 satin finish one-piece seamless lid, 0,8 mm thick, fully sealed. Fixed to the body by means of 2 rivets that allows swinging of the lid for the replenishment through the top opening. The extra tissue rolls descend when the previous one has been finished, by a simple hand manipulation through the side window. There is no need to open the lid for the removal of consumed rolls.Frontal sight-hole and slots on each side of body indicate refill time.														
Operation <p>Pull visible toilet paper, at your own convenience.</p>														

Note:
