City Collection
Transforming
Bathrooms into
Living Spaces.

*American
Standard*

Space without Boundaries.
Life without Limits.

Inspired by space constraints; common with city living due to small floor areas and more often than not, fixtures that are not specifically designed for compact spaces, City Collection is especially conceptualized for space maximization and effortless cleaning - perfect for your urban living lifestyle.

Now, you can create more smart living spaces with multi-function storage compartments and transform your apartment into a cozy, comfortable, uncluttered and stylish home.

Live

Recreating Space.

Always Room for More.

CrystaSleek

Specially designed CrystaSleek seat and cover features a double injection molding process; enhancing durability and resulting in a sleeker look and feel.

Lasting Beauty

Double injection mold not only leaves a striking impression but at the same time, provides an enhanced durability to our seat.

Easy Maintenance

With our Easy Release feature, you can easily remove the seat and cover with a 90° turn. A simple solution for a cleaner toilet.

Ergonomic Effect

The smallest detail brings out the best in our designs. The tapered lid on our slim seat is our pledge for your ease of use.

Beautifully Crafted

A tank fully concealed within contemporary glass panels; framed with a sleek metallic furnishing blends seamlessly into living spaces.

Creative Space

Uniquely conceptualized space utilization features such as the multi-function storage compartment cleverly embedded inside the concealed tank creates new spaces.

Amazingly Clean

The award-winning Aqua Ceramic super-hydrophilicity technology allows waste and stains to be easily lifted off the ceramic bowl with just the power of water.

Clinically Sterile

Glazed onto the ceramic bowl, ComfortClean effectively kills E.coli bacteria and inhibits the growth of mold and mildew, making cleaning hassle-free.

Maximum Power

Featuring the technologically advanced Double Vortex, every flush ensures maximum performance, with minimum water usage.

Reinventing Style.

Make Room for Living Spaces.

Sheer Convenience
RetractSpout, a magnetic pull-out spout that ensures a smooth and easy 'pull and retract' hose capability for multi-functional usages.

Seamless Fluidity
Starring ComfortMove innovation, experience seamlessly smooth handle movement and performance for optimal precision and comfort.

Extreme Flexibility
With a 360° swivel spout function, expect greater sink access, more space flexibility and unparalleled ease of use.

Rethinking Functionality.

Embrace Smarter Living.

Space Expander

Space utilization is efficiently maximized by enhancing shelf designs with smart dividers and universal storage accessories in drawers; creating extra usable space.

Human-Centric Experience

Cleverly and carefully thought-out useful features like power points for hair dryers and shavers, LED lights and even a built-in de-fogger help add convenience and enhance user experience.

Effortless Cleaning

Cleaning is minimized by a specially designed integrated wash basin that encompasses dry, semi-wet and wet zones. Complemented with a Japanese-designed pop-up drainage system for debris and hair collection, well-positioned grooves and ribs ensure efficient water drainage.

Pure Smoothness

Every door and drawer features a soft-closing mechanism that results in a perfectly smooth and quiet closing.

Superior Durability

Built with moisture-resistant, anti-corrosion and anti-mold materials, protection against corrosion, mold (for metal parts) and deformation (for non-metal parts) under high humidity conditions are at optimal levels.
