Ultimate Comfort Maximum Safety

THERMOCOMFORT

Pamper yourself with a shower at a constant and comfortable temperature, just the way you like it. Not a degree too cold. Not a degree too warm. Every single time.

THERMOSAFE

For homes with children and elderly, prevent accidental scalding with the safety temperature control that needs to be pressed to get water hotter than 38°C and the auto shut-off function when cold water supply fails.

The Freedom Is Yours

Take your pick from the Hand Shower for a quick pick-me-up shower, or the Head Shower for a relaxing shower that exudes an overall feeling of cleansing, or both for a personalized shower experience. The freedom is yours to shower the way you like it.

Enhance Your Shower Experience

Treat yourself to a spa-like, revitalizing and invigorating shower experience with the Body Shower. Simply tilt the base of the Body Shower to target the areas of your liking and turn the dial for the exact pressure you want. Now you can truly rejuvenate your body and ignite your senses.

Enjoyment

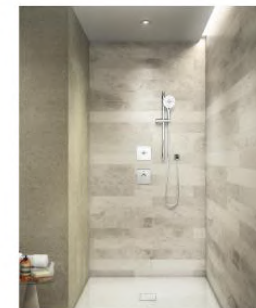

For the ultimate luxurious and spa-like shower experience, pamper your senses and body with the Hand, Head and Body Shower.
