SANITARY WARE SPECIFICATION SHEET

GROHE LINEARE

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures - cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

The thin rectangular geometries of the spout and lever extend parallel from the pure cylindrical body. The spout has been moved up to achieve an elegant and lightweight appearance to create a product that perfectly fits in the modern architectural context. With thin proportions and pure composition of both round and square forms, Lineare offers ultimate flexibility when it comes to bathroom design choices.

THE NEW GROHE RAPIDO SMARTBOX

A UNIVERSAL SYSTEM FOR INFINITE POSSIBILITIES

MORE THAN 200 POSSIBLE COMBINATIONS WITH GROHE RAPIDO SMARTBOX

As concealed mixing valves for showers and bathtubs are becoming increasingly successful, concealed units are in great demand. With its minimum installation depth of only 75mm, GROHE's Rapido Smartbox can be easily installed for all showers/bathtubs. The Rapido Smartbox concealed body allows you to control up to three water outlets and is compatible with all GROHE concealed models.
