Note:

* All information of the above is the reference only. No prior notice is made if any changes.

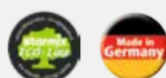

Great combination.

Highspeed Compact TH-C1 & Height adjuster H-C1

The same applies here: Design meets comfort. Despite not having a hose, the AirStar TH-C1 guarantees gentle and effective hair drying thanks to its curved nozzle shape. The height adjustment H-C1 ensures that the AirStar can be brought to the optimum height with the help of the continuous adjuster.

Model: AirStar TH-C1
Item no.: 017143 | white
019604 | black

Certification mark for TH-C1 and H-C1:

Features:

- Impact resistant ABS plastic housing
- Non-contact on/off switch
- sensor controlled safety switch-off
- Mains plug
- Integrated assembly plate
- Safety temperature limiter
- Thermal fuse safety
- Flush-to-wall mounting / protected against misuse
- Can be mounted on a height adjuster

Areas of application:

Height adjustment H-C1 (without TH-C1):

Hair drying at a comfortable height – individually adjustable. The ideal hair drying solution for children, the elderly and people with a disability in sports facilities, changing rooms, swimming pools or therapy centres.

Flat slide construction with weight compensation and integrated, concealed mains connection box. The hair dryer must be ordered separately. Adjustment range 55 cm, without intervals. Suitable for hair dryer TH-C1.

Model: AirStar H-C1
Item no.: 018447

Technical data	
Total rated power (Watt)	900
Voltage	230-240 Volt~, 50/60 Hz
Heat output (Watts)	400
Engine output (Watts)	500
Air speed (km/h)	200
Airflow (l/s)	22
Sound pressure level dB(A)	69
Run time (auto. switch-off / sec.)	240
Protection type	IP23
Protection class	II
Weight (kg)	3
Dimensions WxDxH (mm)	268 x 182 x 304
Areas of application	

Model	AirStar TH-C1
Class	Highspeed Compact
Catalogue page	29
Item number	017143
Features	
On/off switch	non-contact
Housing material	ABS plastic
Case colour	white
Permanent electrical wiring	no
Power plug	yes
Sensor controlled safety switch-off	yes
Safety temperature limiter	yes
Thermal fuse safety	yes
Integrated assembly plate	yes
Mounting on height adjuster	yes
Flush-to-wall mounting	yes
Vandal-proof	no
Flexible hose / hair-styling nozzle	no

Highspeed Compact hand dryer T-C1.

Powerful and economical

The Highspeed Compact-Class sets high standards: superior performance, advanced design, easy installation and comfortable operation. An appliance with a sensational price-performance ratio, for fast amortisation. The new generation of hand dryers with sophisticated starmix technology and the high level of quality „Made in Germany“.

<p>No waste – no bacteria:</p> <ul style="list-style-type: none"> - No more annoying paper waste in sanitary facilities - Up to 80 % cost savings compared to paper towels and fabric towel roll - 100 % recyclable - Drying air is warmed by waste heat from the motor 		<p>Energy saving at full power:</p> <ul style="list-style-type: none"> - Energy efficient: Save electricity even at high levels of use - No false activation - High speed hand drying in only 17 seconds thanks to optimal air outlet profile and powerful blower 	
<p>Double safety system:</p> <ul style="list-style-type: none"> - No unnecessary use thanks to sensor-controlled safety switch off - Protection against overheating with temperature limiter - Flush-to-wall mounting/protected against misuse-safe assembly 		<p>Design meets comfort:</p> <ul style="list-style-type: none"> - Maintenance-free motor - 1x assembly = many years of use - Cleanable air filters - Impact resistant ABS plastic - Integrated assembly plate - High quality and easy-clean surface 	
<p>Powerful and fast:</p> <p>The ergonomically designed air nozzle and optimized air flow concentrates the air flow for effective high-speed hand drying in approx. 17 seconds.</p>		<p>Hard-wearing and safe:</p> <ul style="list-style-type: none"> - Flush-to-wall mounting to protect against misuse - Steel housing with 1.2 mm wall thickness - Safety screws for theft-proof attachment 	
<p>Height adjuster:</p> <p>Hair drying at a comfortable height – individually adjustable to suit the user's height.</p>		<p>Nozzle outlet:</p> <p>For quick hair drying and energy efficient use in an ergonomic design.</p>	

ABS plastic
Impact resistant

Design and technology
Innovative design and state-of-the-art technology – Made in Germany

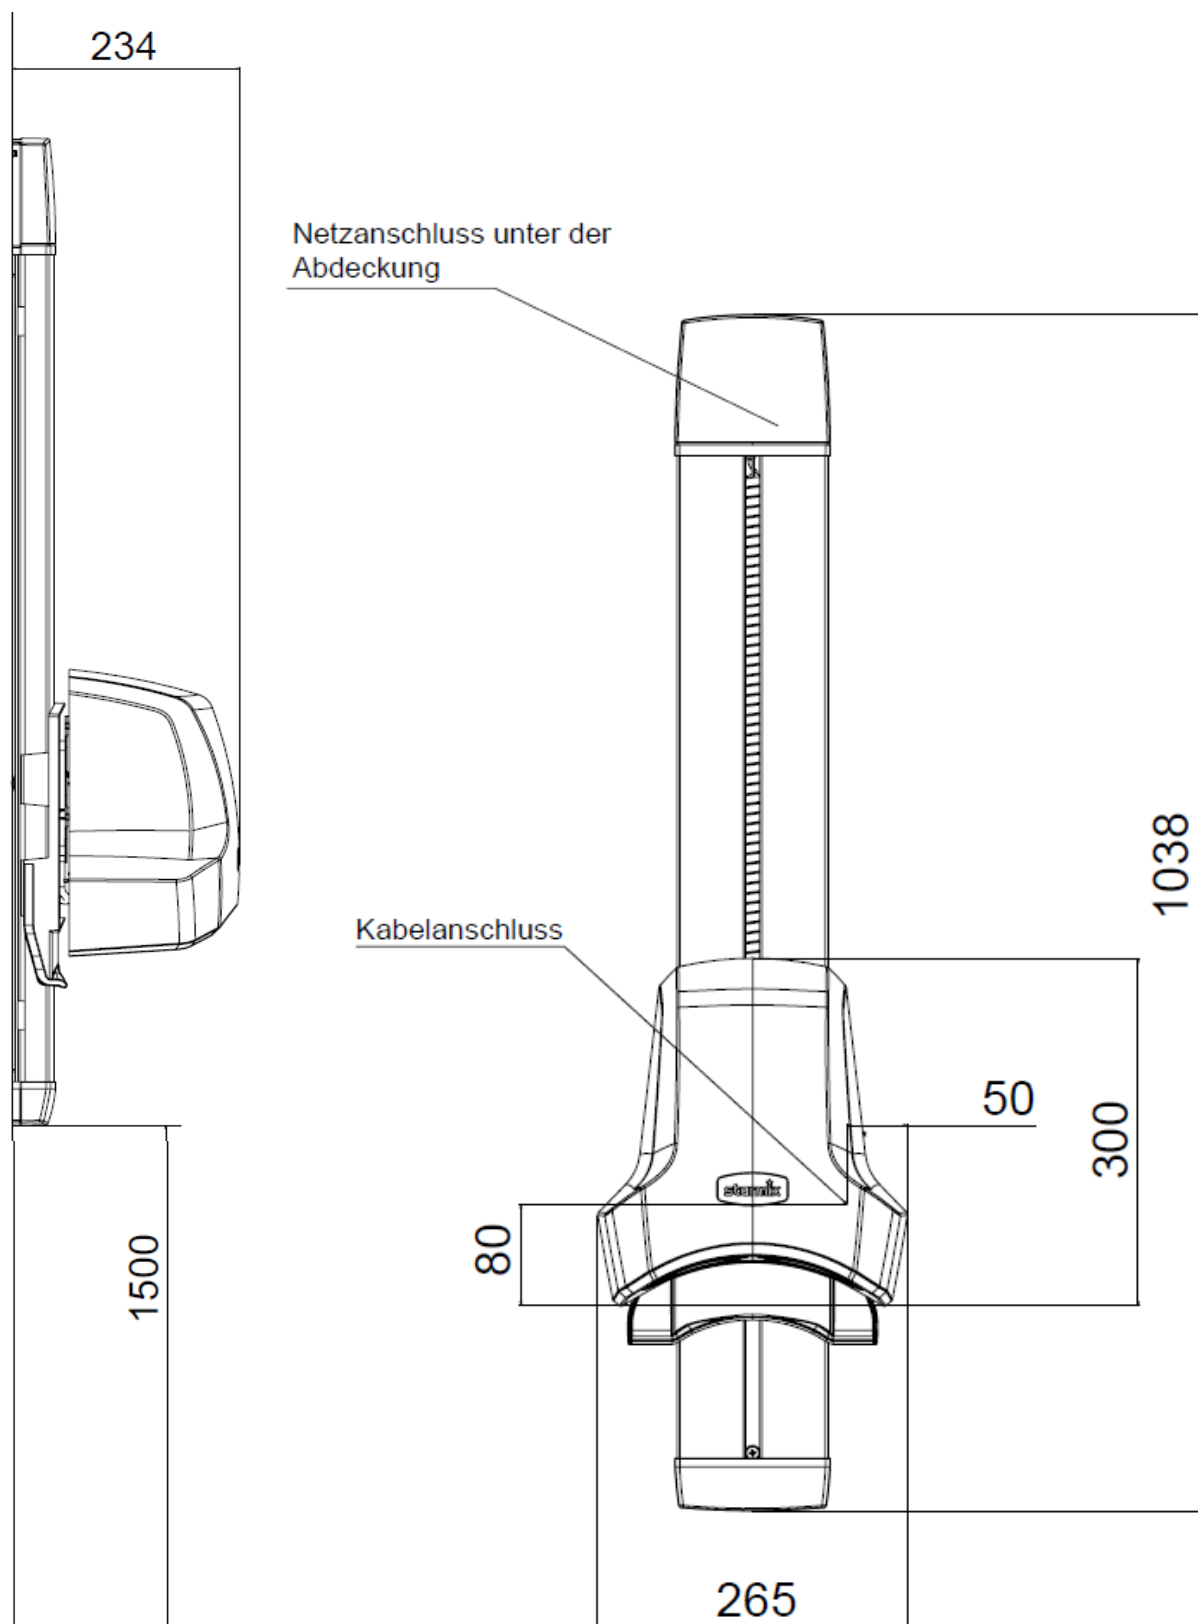

Areas of application
Can be used in all public, private or commercial sanitary areas

High speed
Rapid and impressive drying results in 17 seconds

Safety
Sensor controlled safety switch-off and temperature limiter

Nozzle outlet
Ergonomically aligned
